## TECHNICAL SKILLS

Reactjs, Vuejs, Nextjs, Nuxtjs, React Query, Zustand, GSAP, Nodejs, Express, Javascript, Typescript

## EXPERIENCE

### HueleBien By Prudent

Frontend Engineer

January 2025 – December 2025

Remote, Lagos State

- Built and maintain a full e-commerce platform using Next.js, Supabase, and Prismic CMS for product/content management.
- Integrated Prismic slices for seamless product uploads, inventory updates, and dynamic content editing used by non-technical store admins.
- Achieved steady usage growth: **300 weekly unique users and 2k+ weekly API requests.**
- Enabled business transactions totaling **16.2M in processed order volume.**

### Vantik Labs

Contract Frontend Engineer

October 2024 – January 2025

Remote, United Kingdom

- Delivered the complete frontend for Vantik Labs first product, Bethelflow, working closely with senior frontend and backend engineers.
- Built and shipped user and admin dashboards, landing pages, and both static and dynamic application pages with a focus on performance and usability.
- Implemented authentication flows and integrated backend APIs to support core product functionality.

### Trip Value

Frontend Engineer

January 2022 – June 2024

Remote, Lagos State

- Optimized frontend performance and security across key pages, contributing to reduced load times and improved overall user experience.
- Worked closely with frontend engineers to design and implement a responsive logistics dashboard supporting real-time operational visibility.
- Refactored legacy components and introduced modern development tools, improving code maintainability and reducing recurring bugs.

## PROJECTS

### Aqua Resist Water Resilience and Sustainability Platform [🔗](#) | Nextjs, Typescript, Tailwindcss, MDX

- Built a responsive web platform for Aqua Resist, promoting sustainable engineering and water resilience.
- Integrated MDX to enable rich, markdown-based blog content with embedded React components.
- Utilized TypeScript for type safety, maintainability, and improved developer experience.

### CapturedByDre Photography Portfolio [🔗](#) | Nextjs, Typescript, Tailwindcss, Supabase, Framer Motion.

- Designed and developed a visually rich photography platform.
- Built end-to-end features including image download, like, and share functionalities to enhance user interaction.
- Integrated Firebase for real-time database, authentication, and scalable backend storage.

## EDUCATION

### Ladoke University of Technology

Bachelor of Technology in Anatomy

Jan. 2019 – Feb 2024

Nigeria

### Udacity Full Stack Nanodegree Program

Full Stack Nanodegree

June 2022
